- DBMS
- Communication
- Teamwork
- Time Management
- Problem Solving
- Event Coordination
- Presentation Skills
- Organizational Skills

EXPERIENCE

InAmigos Foundation

- Completed internship tasks related to AI applications for NGOs.
- Prepared reports and completed project-based assignments.
- Worked on research and documentation activities.

She Can Foundation

- Assisted in assigned internship activities and project-based tasks.
- Participated in learning sessions and completed assigned work.
- Gained practical exposure to a professional work environment.

PROJECTS

Personal Portfolio Website

- Designed and developed a personal portfolio website.
- Showcases my education, skills, internship experience, and contact information.
- Built to strengthen my front-end development skills and create a professional online presence.

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in college events as a coordinator for technical, sports, and cultural fests.
- These experiences helped me develop communication, teamwork, time management, and organizational skills while working with students and faculty to ensure successful event execution.

PROFILE HIGHLIGHTS

- Successfully completed BE in ECS.
- I am eager to learn, gain experience, and improve my skills.
- I am ready to accept all the challenges and look forward to opportunities that help me grow both personally and professionally.
